The logo consists of two light blue geometric shapes on a dark blue background. The top shape is a parallelogram with rounded ends, tilted at an angle. The bottom shape is a right-angled triangle with rounded corners, also tilted. They are positioned to suggest a larger, unified geometric form.

Horsepower ratings meet Society of Automotive Engineers Small Engine Test Code J1940.

Actual engine horsepower is lower and affected by, but not limited to, accessories (air cleaner, exhaust, charging, cooling, fuel pump, etc.), application, engine speed and ambient operating conditions (temperature, humidity and altitude).
