Power Systems
for Global Telecommunications

For more than 50 years, Rehlko has been trusted to provide reliable backup power to the telecom industry. Come what may, our generators will get you through, preserving data and safeguarding communications worldwide.

When the grid goes down, *you're still in business*.

Power for Telecom

Stationary Cell Tower Generators

- Standby or prime applications
- Available from 20 to 60 kW
- Configurable to meet your specific needs
- Custom enclosures with sound attenuation and single-side service *(single-side service on diesel models only)*
- Diesel, natural gas and LP gas
- Sub-base fuel tanks are UL-approved and customizable to meet state codes
- Remote monitoring options

Main Switch and Data Center Generators

- Available from 60 to 4000 kW
- Application specific designs
- Diesel, natural gas, LP and dual fuel options
- Customized enclosures and fuel tanks
- Standard through fully customized control solutions

Mobile Generators

- Diesel models from 90 to 175 kW, tier 4 Final and EPA Certified
- Minimum of 24 hour run-time fuel tanks with 110% containment
- Voltage selector switch for multiple options
- Sound-attenuating enclosures for quiet operation
- Intuitive, user-friendly controls

Automatic Transfer Switches

- Automatically transfer power from the utility to the generator and back
- Seamlessly integrate with Rehlko power systems – compatible with standard industry practices for generator control
- Standard and custom options from 30–4000 amps
- Integrated communication options
- Standard, bypass-isolation, and service entrance configurations with open, closed, and programmed transition operating modes

Paralleling Switchgear

- Customizable to your specifications and facility needs
- Compatible diesel and gas generator sets
- Intuitive user interface

Key Services

Mass Customization

Rehlko makes it easy to customize units for your specific needs.

Single-Source Warranty

The entire system is covered by Rehlko.

Production Stocking Program

Our individual stocking programs are tailored to meet your requirements.

Global Service and Support

Rehlko is one of the largest generator manufacturers in the world, with production facilities on four continents and vast global sales, services, and distribution networks. No matter where you are, you can always count on Rehlko.

UL, EPA and IBC Compliance

Rehlko power systems meet a range of requirements.
