Standby Residential/Light Commercial Generator Set
Five-Year Limited Warranty - United States

Your product has been manufactured and inspected with care by experienced craftsmen. If you are the original end user, Discovery Energy, LLC warrants, for the period indicated below, each product to be free from defects in materials and workmanship. In the event of a defect in materials or workmanship, Discovery Energy, LLC will repair, replace, or make appropriate adjustment at Discovery Energy, LLC's option if the product, upon Discovery Energy, LLC's inspection, is found to be properly installed, maintained, and operated in accordance with Discovery Energy, LLC's instruction manuals.

Product
Generator set and factory-supplied accessories installed in the United States and used in stationary standby applications as a backup to a commercial utility source.*

Warranty Coverage
Five (5) years from the registered startup date§ (or, if there is not a registered startup date, the date of purchase by the original end user) or 2000 hours (whichever occurs first). Labor and travel are included in the warranty for the first and second years of the five-year warranty period.

* For Canada, refer to Warranty Policy TP-7002. Outside the United States and Canada, refer to Warranty Policy TP-7152.
§ In order to have a registered startup date, an authorized distributor, dealer, or service representative must perform startup of your generator set and submit your power system details via warranty portal.

The following will **not** be covered by the warranty:

1. Normal wear, routine tuneups, tuneup parts, adjustments, and periodic service.
2. Damage, including but not limited to damage caused by accidents, improper installation or handling, faulty repairs not performed by an authorized service representative, improper storage, or acts of God.
3. Enclosures and generator bases after the first year of the warranty period.
4. Cosmetic problems, discoloration, or rusting due to improper installation, location in a corrosive or saltwater environment, or scratches that compromise the integrity of the applied paint.
5. Damage caused by operation with improper fuel or at speeds, loads, conditions, modifications, or installation contrary to published specifications or recommendations.
6. Damage caused by negligent maintenance such as:
   a. Failure to provide the specified type and sufficient quantity of lubricating oil.
   b. Failure to keep the air intake and cooling fin areas clean.
   c. Failure to service the air cleaner.
   d. Failure to provide sufficient coolant and/or cooling air.
   e. Failure to perform scheduled maintenance as prescribed in supplied manuals.
   f. Failure to regularly exercise the generator set under load (stationary applications only).
   g. Failure to follow long-term storage procedures
7. Engine coolant heaters, heater controls, and circulating pumps after the first year of the warranty period.
8. Original installation charges and startup costs.
9. Starting batteries and the following related expenses:
   a. Labor charges related to battery service.
   b. Travel expenses related to battery service.
10. Excessive travel costs or additional expenses for repairs performed after normal business hours, i.e. overtime or holiday labor rates.
11. Rental of equipment during the performance of warranty repairs.
12. Non-OEM replacement parts. Replacement of a failed OEM part with a non-OEM part voids the warranty on that part.
13. Radiators replaced rather than repaired.
14. Non-authorized repair shop labor without prior approval from Discovery Energy, LLC Warranty Department.
15. Engine fluids such as fuel, oil, or coolant/antifreeze.
16. Shop supplies such as adhesives, cleaning solvents, and rags.
17. Expenses incurred investigating performance complaints unless the problem is caused by defective materials or workmanship.
18. Maintenance items including fuses, lamps, filters, spark plugs, loose or leaking clamps, belts, hoses, and adjustments.
19. Removal and replacement of non-OEM-supplied options and equipment.
20. Labor and travel charges for the third, fourth, and fifth years of the warranty period.
21. Generator sets used in a mobile or non-standby application. Use of the generator set in a mobile or non-standby application voids the warranty.
22. Unreasonable costs associated with removal and reinstallation of the complete unit and/or costs to gain access to the generator for repair or replacement.
23. Travel time and mileage exceeding 200 miles round trip.
